Complexation Reactions In Aquatic Systems: An Analytical Approach

J Buffle Robert Alexander Chalmers M. R Masson D Midgley

Trace Metals in Aquatic Systems - Google Books Result

Chemical kinetics and process dynamics in aquatic systems in phylum by phylum, or functional approaches reviewing various anatomical. BUFFLE, J. Complexation Reactions in Aquatic Systems: an Analytical Approach. Environmental Geochemistry in Tropical and Subtropical Environments - Google Books Result

Cation Binding by Humic Substances - Google Books Result

Complexation Reactions in Aquatic Systems: An Analytical Approach. Chemical and Biological Regulation of Aquatic Systems - Google Books Result

Metal species can have significant toxic effects in aquatic systems, and. 6 J. Buffle, Complexation Reactions in Aquatic Systems: an analytical approach. Environmental Chemistry: Green Chemistry and Pollutants in Ecosystems - Google Books Result
